

Blue Compactor Services, LLC. is a provider of waste and recycling compaction equipment. We offer field service in Minnesota and the surrounding area which includes; install, repair, maintenance and sales.

Our excellent service provides commercial and industrial businesses with installation, repair, and sales of compactors, balers and metal fabrication. Blue Compactor provides a parts inventory covering hydraulic, electrical, and structural components for many types of waste and recycling equipment. Our fabrication and repair shop in Lakeville, MN has 20,000 square feet of workspace and 4 acres of storage.

We offer both new and reconditioned stationary and self-contained compactors, and balers for virtually every waste and recycling application. In addition to equipment, we offer a scheduled planned maintenance programs. Every install is custom fabricated to meet the needs of each client while ensuring a safe and productive product.

Blue Compactor has an opening for a full-time, experienced Service Technician to work on our compactors and baling equipment. We are looking for a dedicated employee with skills to help deliver top notch service to our rapidly growing customer base.
