

AUTHORIZATION TO USE DRIVEWAY

Account Number: _____ Customer Name: _____

Service Address: _____ City: _____

Dear Valued Customer:

The following authorization is required for DSI/LSI to drive its trucks on the driveway listed on this form. Due to the location of the container(s) at this address, it is necessary to use the driveway to gain access to the container(s). The person signing this form acknowledges the following:

Our Collection Vehicles and or equipment weigh up to 63,000 pounds when fully loaded to legal weight. The minimum pavement thickness required for our collection equipment is six inches of reinforced concrete or structural equivalent in asphalt and base course. Even with appropriate pavement, collection equipment may still damage the driving surface due to sub-grade failures, climate changes or other causes other causes which are beyond our control. A normal residential driveway does not provide adequate support for collection equipment. As such there is reasonable likelihood that driving our trucks on a normal driveway will cause damage to the driveway and/or sub-grade.

DSI/LSI drivers must have a signed copy of this form before servicing any container requiring use of this driveway.

The undersigned has read and understands the above statements; and, as the owner or on behalf of the owner or lessee of the driveway right-of-way and agrees to the following statement:

I warrant that I have the authority to sign this Authorization; acknowledge and agree that DSI/LSI is not responsible for any damage to pavement, asphalt, dirt/gravel, or subsurface thereof; and hereby release, discharge and waive any and all actions, and causes of actions, and claims for property damage to driveways, sidewalks, parking areas, and associated structures and sub-grade that may be caused by DSI/LSI equipment when utilizing a route necessary to perform the services requested.

I am the owner of the property on which the driveway is located, and I am the only person who may give DSI/LSI permission to drive on the driveway.
